

**Anti-MBNL1 antibody (1-382) (STJ110357)**  
STJ110357

**GENERAL INFORMATION**

|                          |                       |
|--------------------------|-----------------------|
| <b>Product Type</b>      | Primary antibodies    |
| <b>Short Description</b> |                       |
| <b>Applications</b>      | WB/IHC-P/IF/ICC/ELISA |
| <b>Host/Source</b>       | Rabbit                |
| <b>Reactivity</b>        | Human/Mouse/Rat       |

**PRODUCT PROPERTIES**

|                      |                                                                                                                                                                              |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Clonality</b>     | Polyclonal                                                                                                                                                                   |
| <b>Clone ID</b>      |                                                                                                                                                                              |
| <b>Concentration</b> | Lot specific                                                                                                                                                                 |
| <b>Conjugation</b>   | Unconjugated                                                                                                                                                                 |
| <b>Purification</b>  | Affinity purification                                                                                                                                                        |
| <b>Dilution</b>      | WB:1:500-1:2000                                                                                                                                                              |
| <b>Range</b>         | IHC-P:1:50-1:200<br>IF/ICC:1:50-1:100<br>ELISA:Recommended starting concentration is 1 Mu g/mL. Please optimize the concentration based on your specific assay requirements. |
| <b>Formulation</b>   | PBS with 0.02% Sodium Azide, 50% Glycerol, pH 7.3.                                                                                                                           |
| <b>Isotype</b>       | IgG                                                                                                                                                                          |
| <b>Storage</b>       | Store at-20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.                                                                                |
| <b>Instruction</b>   |                                                                                                                                                                              |

**TARGET INFORMATION**

|                           |                                                                                                                                                                                                                                                                      |
