

## Anti-Transferrin antibody [HTF-14] (STJ16100593) STJ16100593

## **GENERAL INFORMATION**

Product Type Primary antibodies Short Description Mouse monoclonal antibody anti-Transferrin is suitable for use in Western Blot, Immunohistochemistry, Immunocytochemistry and ELISA research applications. Applications WB/IHC-P/ICC/ELISA Host/Source Mouse Reactivity Human/Pig/Rabbit

## **PRODUCT PROPERTIES**

Clonality Monoclonal Clone ID HTF-14 Concentration 1 mg/mL Conjugation Unconjugated Purification Purified by protein-A affinity chromatography. **Dilution Range** Formulation Phosphate buffered saline (PBS) solution with 15 mM sodium azide Isotype IgG1 Storage Store at 2-8°C upon receipt. Instruction

## **TARGET INFORMATION**

Gene ID 7018 Gene Symbol TF Uniprot ID TRFE\_HUMAN Immunogen Purified porcine transferrin. Immunogen Region Specificity Immunogen Sequence
