

## Anti-YARS antibody (1-300) (STJ28874)

STJ28874

### GENERAL INFORMATION

|                          |                    |
|--------------------------|--------------------|
| <b>Product Type</b>      | Primary antibodies |
| <b>Short Description</b> |                    |
| <b>Applications</b>      | WB/IP/ELISA        |
| <b>Host/Source</b>       | Rabbit             |
| <b>Reactivity</b>        | Human/Mouse/Rat    |

### PRODUCT PROPERTIES

|                            |                                                                                                                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                                       |
| <b>Clone ID</b>            |                                                                                                                                                                                                                  |
| <b>Concentration</b>       | Lot specific                                                                                                                                                                                                     |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                                                     |
| <b>Purification</b>        | Affinity purification                                                                                                                                                                                            |
| <b>Dilution</b>            | WB:1:500-1:2000                                                                                                                                                                                                  |
| <b>Range</b>               | IP:0.5 Mu g-4 Mu g antibody for 200 Mu g-400 Mu g extracts of whole cells<br>ELISA:Recommended starting concentration is 1 Mu g/mL. Please optimize the concentration based on your specific assay requirements. |
| <b>Formulation</b>         | PBS with 0.02% Sodium Azide, 50% Glycerol, pH 7.3.                                                                                                                                                               |
| <b>Isotype</b>             | IgG                                                                                                                                                                                                              |
| <b>Storage Instruction</b> | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.                                                                                                                   |

### TARGET INFORMATION

|                           |                                                                                                                                                                                                                                                                  |
