

## Anti-DLEU7 antibody (51-100 aa) (STJ98807)

STJ98807

### GENERAL INFORMATION

|                          |                                                                                                                                                                            |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Primary antibodies                                                                                                                                                         |
| <b>Short Description</b> | Rabbit polyclonal antibody anti-Leukemia-associated protein 7 (51-100 aa) is suitable for use in Immunohistochemistry, Immunofluorescence and ELISA research applications. |
| <b>Applications</b>      | IHC/IF/ELISA                                                                                                                                                               |
| <b>Host/Source</b>       | Rabbit                                                                                                                                                                     |
| <b>Reactivity</b>        | Human/Rat/Mouse                                                                                                                                                            |

### PRODUCT PROPERTIES

|                            |                                                                                                                       |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>Clonality</b>           | Polyclonal                                                                                                            |
| <b>Clone ID</b>            |                                                                                                                       |
| <b>Concentration</b>       | 1 mg/mL                                                                                                               |
| <b>Conjugation</b>         | Unconjugated                                                                                                          |
| <b>Purification</b>        | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| <b>Dilution Range</b>      | IHC-P 1:50-200<br>ELISA 1:10000-20000<br>IF 1:50-200                                                                  |
| <b>Formulation</b>         | Liquid in PBS containing 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.                                               |
| <b>Isotype</b>             | IgG                                                                                                                   |
| <b>Storage Instruction</b> | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.                        |

### TARGET INFORMATION

|                           |                                                                                                                                       |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>            | 220107                                                                                                                                |
| <b>Gene Symbol</b>        | DLEU7                                                                                                                                 |
| <b>Uniprot ID</b>         | LEU7_HUMAN                                                                                                                            |
| <b>Immunogen</b>          | The antiserum was produced against synthesized peptide derived from the Internal region of human DLEU7 at the amino acid range 51-100 |
| <b>Immunogen Region</b>   | 51-100 aa                                                                                                                             |
| <b>Specificity</b>        | The antibody detects endogenous DLEU7                                                                                                 |
| <b>Immunogen Sequence</b> |                                                                                                                                       |
