

**Anti-Cd14 antibody [Sa14-2] {AF488} (STJA0001974)**

STJA0001974

**GENERAL INFORMATION**

|                          |                                                                                                                                 |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Primary antibodies                                                                                                              |
| <b>Short Description</b> | Rat monoclonal antibody anti-Monocyte differentiation antigen CD14 is suitable for use in Flow Cytometry research applications. |
| <b>Applications</b>      | FC                                                                                                                              |
| <b>Host/Source</b>       | Rat                                                                                                                             |
| <b>Reactivity</b>        | Mouse                                                                                                                           |

**PRODUCT PROPERTIES**

|                            |                                                                                                              |
|----------------------------|--------------------------------------------------------------------------------------------------------------|
| <b>Clonality</b>           | Monoclonal                                                                                                   |
| <b>Clone ID</b>            | Sa14-2                                                                                                       |
| <b>Concentration</b>       | 0.5 mg/mL                                                                                                    |
| <b>Conjugation</b>         | AF488                                                                                                        |
| <b>Purification</b>        |                                                                                                              |
| <b>Dilution Range</b>      |                                                                                                              |
| <b>Formulation</b>         | Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant.                  |
| <b>Isotype</b>             | IgG2ak                                                                                                       |
| <b>Storage Instruction</b> | Recommend storing between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product. |
