

Anti-IgG antibody [SHG-1] {Biotin} (STJA0002272)

STJA0002272

GENERAL INFORMATION

Product Type	Primary antibodies
Short Description	Syrian Hamster monoclonal antibody anti-IgG is suitable for use in Flow Cytometry research applications.
Applications	FC
Host/Source	Syrian Hamster
Reactivity	

PRODUCT PROPERTIES

Clonality	Monoclonal
Clone ID	SHG-1
Concentration	0.5 mg/mL
Conjugation	Biotin
Purification	
Dilution Range	
Formulation	PBS with 0.05% Proclin300, 1% BSA
Isotype	IgG
Storage Instruction	Store at 2-8°C. Do not freeze this product.
