

Anti-IgMk antibody [MM-30] {APC} (STJA0002311)

STJA0002311

GENERAL INFORMATION

Product Type	Primary antibodies
Short Description	Mouse monoclonal antibody anti-IgM, k is suitable for use in Flow Cytometry research applications.
Applications	FC
Host/Source	Mouse
Reactivity	

PRODUCT PROPERTIES

Clonality	Monoclonal
Clone ID	MM-30
Concentration	
Conjugation	APC
Purification	
Dilution Range	
Formulation	PBS with 0.05% Proclin300, 1% BSA
Isotype	IgMk
Storage Instruction	Recommend storing between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product.
