

**Anti-IgG antibody [SHG-1] {EV450} (STJA0002720)**

STJA0002720

**GENERAL INFORMATION**

|                          |                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Primary antibodies                                                                                       |
| <b>Short Description</b> | Syrian Hamster monoclonal antibody anti-IgG is suitable for use in Flow Cytometry research applications. |
| <b>Applications</b>      | FC                                                                                                       |
| <b>Host/Source</b>       | Syrian Hamster                                                                                           |
| <b>Reactivity</b>        |                                                                                                          |

**PRODUCT PROPERTIES**

|                            |                                                                                                              |
|----------------------------|--------------------------------------------------------------------------------------------------------------|
| <b>Clonality</b>           | Monoclonal                                                                                                   |
| <b>Clone ID</b>            | SHG-1                                                                                                        |
| <b>Concentration</b>       |                                                                                                              |
| <b>Conjugation</b>         | EV450                                                                                                        |
| <b>Purification</b>        |                                                                                                              |
| <b>Dilution Range</b>      |                                                                                                              |
| <b>Formulation</b>         | PBS with 0.05% Proclin300, 1% BSA                                                                            |
| <b>Isotype</b>             | IgG                                                                                                          |
| <b>Storage Instruction</b> | Recommend storing between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product. |
