

## Human THSD7A (Thrombospondin Type I Domain Containing Protein 7A) Sandwich ELISA Kit (STJE0012566)

STJE0012566

### GENERAL INFORMATION

|                          |                                                                                                                                                                                       |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Kits                                                                                                                                                                                  |
| <b>Short Description</b> | This THSD7A Sandwich ELISA Kit is an in-vitro enzyme-linked immunosorbent assay for the measurement of samples in human tissue homogenates, cell lysates or other biological fluids.. |
| <b>Applications</b>      | ELISA                                                                                                                                                                                 |
| <b>Reactivity</b>        | Human                                                                                                                                                                                 |

### PRODUCT PROPERTIES

|                            |                                                                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Detection</b>           | 0.156-10ng/mL                                                                                                                                                    |
| <b>Sensitivity</b>         | 0.058ng/mL                                                                                                                                                       |
| <b>Detection Limit</b>     | 0.156-10ng/mL                                                                                                                                                    |
| <b>Assay Time</b>          | 4.5 hrs                                                                                                                                                          |
| <b>Storage Instruction</b> | Store the unopened kit in the fridge at 2-8°C for up to 6 months. Once opened store individual kit contents according to components table provided with the kit. |
| <b>Note</b>                | STRICTLY FOR FURTHER SCIENTIFIC RESEARCH USE ONLY (RUO). MUST NOT TO BE USED IN DIAGNOSTIC OR THERAPEUTIC APPLICATIONS.                                          |

### TARGET INFORMATION

|                     |                                                              |
|---------------------|--------------------------------------------------------------|
| <b>Sample Types</b> | tissue homogenates, cell lysates or other biological fluids. |
| <b>Gene Symbol</b>  | THSD7A                                                       |
| <b>Uniprot ID</b>   | THS7A_HUMAN                                                  |

This product is suitable for in-vitro studies under the RESEARCH USE ONLY [RUO] licence. This product must not be used as for diagnostic or other medical purposes.
