

Mouse Anti-Duck IgY H&L antibody {TRITC} (STJS000937)

STJS000937

GENERAL INFORMATION

Product Type	Secondary antibodies
Short Description	TRITC-conjugated mouse monoclonal anti-Duck IgY H&L secondary antibody. For use in most research applications.
Applications	ELISA/IHC/IF/FC
Host/Source	Mouse
Reactivity	Duck

PRODUCT PROPERTIES

Clonality	Monoclonal
Clone ID	
Concentration	
Conjugation	TRITC
Purification	The antibody was isolated from ascitic by immunoaffinity chromatography using antigens coupled to agarose beads.
Dilution Range	IHC 1:200-1:1000 IF 1:200-1:1000 FCM 1:2000-1:4000 ELISA
Formulation	Liquid in 0.01M PBS pH7.2, 1% BSA, 50% Glycerol and 0.05% Sodium Azide
Isotype	IgY
Storage Instruction	Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.
