

## Anti-MYO7A antibody (850-1150) (STJ113558)

STJ113558

### GENERAL INFORMATION

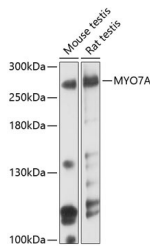

|                          |                                                                                       |
|--------------------------|---------------------------------------------------------------------------------------|
| <b>Product Type</b>      | Primary antibodies                                                                    |
| <b>Short Description</b> | Rabbit polyclonal antibody anti-MYO7A (850-1150) is suitable for use in Western Blot. |
| <b>Applications</b>      | WB                                                                                    |
| <b>Host/Source</b>       | Rabbit                                                                                |
| <b>Reactivity</b>        | Human, Mouse, Rat                                                                     |

### PRODUCT PROPERTIES

|                            |                                                           |
|----------------------------|-----------------------------------------------------------|
| <b>Clonality</b>           | Polyclonal                                                |
| <b>Clone ID</b>            |                                                           |
| <b>Concentration</b>       |                                                           |
| <b>Conjugation</b>         | Unconjugated                                              |
| <b>Purification</b>        | Affinity purification                                     |
| <b>Dilution Range</b>      | WB 1:500-1:2000                                           |
| <b>Formulation</b>         | PBS containing 0.02% Sodium Azide, 50% Glycerol, pH7.3.   |
| <b>Isotype</b>             | IgG                                                       |
| <b>Storage Instruction</b> | Store in a freezer at -20°C and avoid freeze-thaw cycles. |

### TARGET INFORMATION

|                           |                                                                                                                      |
|---------------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>            | 4647                                                                                                                 |
| <b>Gene Symbol</b>        | MYO7A                                                                                                                |
| <b>Uniprot ID</b>         | MYO7A_HUMAN                                                                                                          |
| <b>Immunogen</b>          | Recombinant fusion protein containing a sequence corresponding to amino acids 850-1150 of human MYO7A (NP_000251.3). |
| <b>Immunogen Region</b>   | 850-1150                                                                                                             |
| <b>Specificity</b>        |                                                                                                                      |
| <b>Immunogen Sequence</b> |                                                                                                                      |

Western blot analysis of extracts of various cell lines, using MYO7A antibody (STJ113558) at 1:3000 dilution. Secondary antibody: HRP Goat Anti-rabbit IgG (H+L) at 1:10000 dilution. Lysates/proteins: 25µg per lane. Blocking buffer: 3% nonfat dry milk in TBST. Detection: ECL Basic Kit. Exposure time: 30s.

This product is suitable for in-vitro studies under the RESEARCH USE ONLY [RUO] licence. This product must not be used as for diagnostic or other medical purposes.
