

Anti-IGHM antibody [MHM-88] {AF488} (STJA0001957)

STJA0001957

GENERAL INFORMATION

Product Type	Primary antibodies
Short Description	Mouse monoclonal antibody anti-Immunoglobulin heavy constant mu is suitable for use in Flow Cytometry research applications.
Applications	FC
Host/Source	Mouse
Reactivity	Human

PRODUCT PROPERTIES

Clonality	Monoclonal
Clone ID	MHM-88
Concentration	
Conjugation	AF488
Purification	
Dilution Range	
Formulation	PBS with 0.05% Proclin300, 1% BSA
Isotype	IgG1k
Storage Instruction	Recommend storing between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product.

TARGET INFORMATION

Gene ID	NA
Gene Symbol	IGHM
Uniprot ID	IGHM_HUMAN
Immunogen	
Immunogen Region	
Specificity	
Immunogen Sequence
