

## Anti-IgG2bk antibody [LTF-2] {APC} (STJA0002461) STJA0002461

## **GENERAL INFORMATION**

Product Type Primary antibodies

Short Description Rat monoclonal antibody anti-IgG2b, k is suitable for use in Flow Cytometry research applications.

Applications FC Host/Source Rat Reactivity

## **PRODUCT PROPERTIES**

Clonality Monoclonal Clone ID LTF-2 Concentration Conjugation APC Purification **Dilution Range** 

Formulation PBS with 0.05% Proclin300, 1% BSA

Isotype IgG2bk

Storage Instruction Recommend storing between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product.

## **TARGET INFORMATION**
