

Anti-IgMk antibody [RTK2118] {EV450} (STJA0002718)

STJA0002718

GENERAL INFORMATION

Product Type	Primary antibodies
Short Description	Rat monoclonal antibody anti-IgM, k is suitable for use in Flow Cytometry research applications.
Applications	FC
Host/Source	Rat
Reactivity	

PRODUCT PROPERTIES

Clonality	Monoclonal
Clone ID	RTK2118
Concentration	
Conjugation	EV450
Purification	
Dilution Range	
Formulation	PBS with 0.05% Proclin300, 1% BSA
Isotype	IgMk
Storage Instruction	Recommend storing between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product.

TARGET INFORMATION

Gene ID	
Gene Symbol	
Uniprot ID	
Immunogen	
Immunogen Region	
Specificity
