

**Anti-CD66b antibody {ABflo® 450} (STJ11108953)****GENERAL INFORMATION**

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | FC                 |
| Host / Source | Rabbit             |
| Reactivity    | Human              |

**PRODUCT PROPERTIES**

|                     |                                                                        |
|---------------------|------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                             |
| Conjugation         | ABflo® 450                                                             |
| Purification        | Affinity purification                                                  |
| Dilution Range      | FC, 5 Mu l per 10 <sup>6</sup> cells in 100 Mu l volume                |
| Formulation         | PBS with 0.09% Sodium azide, 0.2% BSA, pH7.3.                          |
| Isotype             | IgG                                                                    |
| Molecular Weight    | 38kDa                                                                  |
| Storage Instruction | Store at 4°C for up to 1 year from the date of receipt. Do not freeze. |

**TARGET INFORMATION**

|             |                             |
|-------------|-----------------------------|
| Gene ID     | <a href="#">1088</a>        |
| Gene Symbol | <a href="#">CEACAM8</a>     |
| UniProt ID  | <a href="#">CEAM8_HUMAN</a> |

**ADDITIONAL INFORMATION**

|      |                                                                                                                         |
