

## Anti-TOM20 antibody [SRM15032] (STJ11109762)

### GENERAL INFORMATION

|               |                            |
|---------------|----------------------------|
| Product Type  | Primary antibodies         |
| Applications  | WB/IF/ICC/IF-P/IHC-P/ELISA |
| Host / Source | Rat                        |
| Reactivity    | Human/Mouse/Rat            |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                                                                             |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                                                                                                                                                  |
| Conjugation         | Unconjugated                                                                                                                                                                                                                |
| Purification        | Affinity purification                                                                                                                                                                                                       |
| Dilution Range      | WB, 1:5000-1:10000<br>IF/ICC, 1:100-1:200<br>IF-P, 1:100-1:200<br>IHC-P, 1:500-1:2000<br>ELISA, Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Isotype             | IgG2a                                                                                                                                                                                                                       |
| Molecular Weight    | Protein Weight 21kDa<br>Observed Mw 18kDa                                                                                                                                                                                   |
| Storage Instruction | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.                                                                                                                              |

### TARGET INFORMATION

|             |                             |
|-------------|-----------------------------|
| Gene ID     | <a href="#">9804</a>        |
| Gene Symbol | <a href="#">TOMM20</a>      |
| UniProt ID  | <a href="#">TOM20_HUMAN</a> |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
