

## Anti-S100A4 antibody (50-101 aa) [ABT-S100A4] (STJ196865)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | IHC/IF             |
| Host / Source | Mouse              |
| Reactivity    | Human              |

### PRODUCT PROPERTIES

|                     |                                                                                                            |
|---------------------|------------------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                                 |
| Conjugation         | Unconjugated                                                                                               |
| Purification        | The antibody was affinity-purified from mouse ascites by affinity-chromatography using specific immunogen. |
| Dilution Range      | IHC-P 1:100-500<br>IF 1:50-200                                                                             |
| Formulation         | Liquid in PBS containing 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.                                    |
| Isotype             | IgG1k                                                                                                      |
| Molecular Weight    | Calculated: 12kD                                                                                           |
| Storage Instruction | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.             |

### TARGET INFORMATION

|                  |                                                                                                                                                                                            |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID          | <a href="#">6275</a>                                                                                                                                                                       |
| Gene Symbol      | <a href="#">S100A4</a>                                                                                                                                                                     |
| UniProt ID       | <a href="#">S10A4_HUMAN</a>                                                                                                                                                                |
| Immunogen Region | 50-101 aa                                                                                                                                                                                  |
| Specificity      | This antibody detects endogenous levels of human S100A4. Heat-induced epitope retrieval (HIER) Citrate buffer of pH6.0 was highly recommended as antigen repair method in paraffin section |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
