

## Anti-CXCR1 antibody (272-350) {FITC} (STJ500645)

### GENERAL INFORMATION

|               |                          |
|---------------|--------------------------|
| Product Type  | Primary antibodies       |
| Applications  | ELISA/ICC/IF/IHC-P/IP/WB |
| Host / Source | Rabbit                   |
| Reactivity    | Human                    |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clonality           | Polyclonal                                                                                                                                                           |
| Concentration       | 1 µg/µl                                                                                                                                                              |
| Conjugation         | FITC                                                                                                                                                                 |
| Purification        | Affinity Purified                                                                                                                                                    |
| Dilution Range      | WB: 1:500<br>DB: 1:10, 000<br>ELISA: 1:10, 000<br>IP: 1:250<br>IHC: 1:100-1:1000<br>IF: 1:100-1:1000                                                                 |
| Formulation         | Contains Tris, HCl/Glycine buffer pH 7.4-7.8, 30% Glycerol and 0.5% BSA, along with cryo-protective agents, Hepes, and long-term preservatives (0.02% Sodium Azide). |
| Isotype             | IgG                                                                                                                                                                  |
| Storage Instruction | Store at -20°C for long term storage. Avoid freeze-thaw cycles.                                                                                                      |

### TARGET INFORMATION

|                  |                             |
|------------------|-----------------------------|
| Gene ID          | <a href="#">3577</a>        |
| Gene Symbol      | <a href="#">CXCR1</a>       |
| UniProt ID       | <a href="#">CXCR1_HUMAN</a> |
| Immunogen Region | 272-350                     |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
