

## Anti-C11orf1 antibody (229-250) {FITC} (STJ501078)

### GENERAL INFORMATION

|               |                           |
|---------------|---------------------------|
| Product Type  | Primary antibodies        |
| Applications  | CM/ELISA/ICC/IF/IHC/IP/WB |
| Host / Source | Rabbit                    |
| Reactivity    | Human                     |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clonality           | Polyclonal                                                                                                                                                           |
| Concentration       | 0.7 µg/µl                                                                                                                                                            |
| Conjugation         | FITC                                                                                                                                                                 |
| Purification        | Affinity Purified                                                                                                                                                    |
| Dilution Range      | WB: 1:500<br>ELISA: 1:15, 000-1:20, 000<br>IP: 1:200<br>IHC: 1:100<br>ICC: 1:100<br>IF: 1:100                                                                        |
| Formulation         | Contains Tris, HCl/Glycine buffer pH 7.4-7.8, 30% Glycerol and 0.5% BSA, along with cryo-protective agents, Hepes, and long-term preservatives (0.02% Sodium Azide). |
| Isotype             | IgG                                                                                                                                                                  |
| Storage Instruction | Store at -20°C for long term storage. Avoid freeze-thaw cycles.                                                                                                      |

### TARGET INFORMATION

|                  |                             |
|------------------|-----------------------------|
| Gene ID          | <a href="#">64776</a>       |
| Gene Symbol      | <a href="#">CFAP68</a>      |
| UniProt ID       | <a href="#">CFA68_HUMAN</a> |
| Immunogen Region | 229-250                     |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
