

## Anti-MIEN1 antibody (1-50) {Biotin} (STJ503554)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | ELISA/WB           |
| Host / Source | Rabbit             |
| Reactivity    | Human              |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clonality           | Polyclonal                                                                                                                                                           |
| Concentration       | 0.65-0.83 µg/µl                                                                                                                                                      |
| Conjugation         | Biotin                                                                                                                                                               |
| Purification        | Affinity Purified                                                                                                                                                    |
| Dilution Range      | WB: 1:500-1:1, 000<br>DB: 1:2, 000<br>ELISA: 1:2, 000                                                                                                                |
| Formulation         | Contains Tris, HCl/Glycine buffer pH 7.4-7.8, 30% Glycerol and 0.5% BSA, along with cryo-protective agents, Hepes, and long-term preservatives (0.02% Sodium Azide). |
| Isotype             | IgG                                                                                                                                                                  |
| Storage Instruction | Store at -20°C for long term storage. Avoid freeze-thaw cycles.                                                                                                      |

### TARGET INFORMATION

|                  |                             |
|------------------|-----------------------------|
| Gene ID          | <a href="#">84299</a>       |
| Gene Symbol      | <a href="#">MIEN1</a>       |
| UniProt ID       | <a href="#">MIEN1_HUMAN</a> |
| Immunogen Region | 1-50                        |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
