

## Anti-SLCO6C1 antibody (500-600) {Biotin} (STJ506399)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | ELISA/IP/WB        |
| Host / Source | Rabbit             |
| Reactivity    | Mouse              |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                      |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clonality           | Polyclonal                                                                                                                                                           |
| Concentration       | 0.5-1.5 Mu g/Mu l                                                                                                                                                    |
| Conjugation         | Biotin                                                                                                                                                               |
| Purification        | Affinity Purified                                                                                                                                                    |
| Dilution Range      | ELISA 1:10, 000<br>IP 1:200<br>WB 1:500                                                                                                                              |
| Formulation         | Contains Tris, HCl/Glycine buffer pH 7.4-7.8, 30% Glycerol and 0.5% BSA, along with cryo-protective agents, Hepes, and long-term preservatives (0.02% Sodium Azide). |
| Isotype             | IgG                                                                                                                                                                  |
| Storage Instruction | Store at -20°C for long term storage. Avoid freeze-thaw cycles.                                                                                                      |

### TARGET INFORMATION

|                  |                             |
|------------------|-----------------------------|
| Gene ID          | <a href="#">74441</a>       |
| Gene Symbol      | <a href="#">Slco6c1</a>     |
| UniProt ID       | <a href="#">SO6C1_MOUSE</a> |
| Immunogen Region | 500-600                     |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
