

**Anti-BABAM2 antibody (325-374 aa) (STJ91888)****GENERAL INFORMATION**

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | WB/ELISA           |
| Host / Source | Rabbit             |
| Reactivity    | Human/Mouse/Rat    |

**PRODUCT PROPERTIES**

|                     |                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------|
| Clonality           | Polyclonal                                                                                                            |
| Concentration       | 1 mg/mL                                                                                                               |
| Conjugation         | Unconjugated                                                                                                          |
| Purification        | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Dilution Range      | WB 1:500-1:2000<br>ELISA 1:10000                                                                                      |
| Formulation         | Liquid in PBS containing 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.                                               |
| Isotype             | IgG                                                                                                                   |
| Molecular Weight    | Observed: 47kD                                                                                                        |
| Storage Instruction | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles.                        |

**TARGET INFORMATION**

|                  |                                                                   |
|------------------|-------------------------------------------------------------------|
| Gene ID          | <a href="#">9577</a>                                              |
| Gene Symbol      | <a href="#">BABAM2</a>                                            |
| UniProt ID       | <a href="#">BABA2_HUMAN</a>                                       |
| Immunogen Region | 325-374 aa                                                        |
| Specificity      | BRE Polyclonal Antibody detects endogenous levels of BRE protein. |

**ADDITIONAL INFORMATION**

|      |                                                                                                                         |
