

**Mouse IgG2bk Isotype Control [MPC-11] {PerCP/Cyanine5.5} (STJA0002405)****GENERAL INFORMATION**

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | FC                 |
| Host / Source | Mouse              |

**PRODUCT PROPERTIES**

|                     |                                                                                                  |
|---------------------|--------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                       |
| Concentration       | 0.2 mg/mL                                                                                        |
| Conjugation         | PerCP/Cyanine5.5                                                                                 |
| Formulation         | PBS with 0.05% Proclin300, 1% BSA                                                                |
| Isotype             | IgG2bk                                                                                           |
| Storage Instruction | Store between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product. |

**ADDITIONAL INFORMATION**

|      |                                                                                                                   |
