

## Anti-Recombinant-interleukin-6 antibody [11C5] (STJA0002936)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | ELISA              |
| Host / Source | CHO cells          |
| Reactivity    | Human              |

### PRODUCT PROPERTIES

|                     |                                                                         |
|---------------------|-------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                              |
| Conjugation         | Unconjugated                                                            |
| Purification        | NA Protein A affinity chromatography following desalting NA             |
| Formulation         | PBS pH 7.4                                                              |
| Isotype             | IgG1                                                                    |
| Storage Instruction | Store at -20 °C to -70 °C long term. Avoid multiple freeze-thaw cycles. |

### TARGET INFORMATION

|             |                                                                                                                                   |
|-------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Gene ID     | <a href="#">3569</a>                                                                                                              |
| Gene Symbol | <a href="#">IL6</a>                                                                                                               |
| UniProt ID  | <a href="#">IL6_HUMAN</a>                                                                                                         |
| Specificity | Reacts with human IL-6. No cross-reactivity with IL-1 Alpha, IL-1 Beta, IL-2, IL-3, IL-4, IL-8, IFN Gamma and TNF Alpha proteins. |

### ADDITIONAL INFORMATION

|      |                                                                                                                         |
