

## Anti-Ly6C antibody [Monts 1] {EV450} (STJA0003926)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | FC                 |
| Host / Source | Rat                |
| Reactivity    | Mouse              |

### PRODUCT PROPERTIES

|                     |                                                                                                  |
|---------------------|--------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                       |
| Concentration       | 0.5 mg/mL                                                                                        |
| Conjugation         | EV450                                                                                            |
| Formulation         | Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant.      |
| Isotype             | IgG2ak                                                                                           |
| Storage Instruction | Store between 2-8°C and protecting from prolonged exposure to light. Do not freeze this product. |

### TARGET INFORMATION

|             |                                                            |
|-------------|------------------------------------------------------------|
| Gene ID     | <a href="#">100041546</a><br><a href="#">17067</a>         |
| Gene Symbol | <a href="#">Ly6c2</a><br><a href="#">Ly6c1</a>             |
| UniProt ID  | <a href="#">LY6C2_MOUSE</a><br><a href="#">LY6C1_MOUSE</a> |

### ADDITIONAL INFORMATION

|      |                                                                                                                   |
