

**Anti-IL1RL1/ST2 antibody (Lys19-Phe328) [1A049] (STJA0021752)****GENERAL INFORMATION**

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | ELISA              |
| Host / Source | Mouse              |
| Reactivity    | Human              |

**PRODUCT PROPERTIES**

|                     |                                                                                                   |
|---------------------|---------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                        |
| Concentration       | 1 mg/mL                                                                                           |
| Conjugation         | Unconjugated                                                                                      |
| Purification        | Protein A/G purified from cell culture supernatant                                                |
| Formulation         | 0.01M PBS, pH 7.4.                                                                                |
| Isotype             | IgG1                                                                                              |
| Storage Instruction | Suitable for storage at +4°C between 1-2 weeks For longer term store at -20°C for up to 12 months |

**TARGET INFORMATION**

|                  |                             |
|------------------|-----------------------------|
| Gene ID          | <a href="#">9173</a>        |
| Gene Symbol      | <a href="#">IL1RL1</a>      |
| UniProt ID       | <a href="#">ILRL1_HUMAN</a> |
| Immunogen Region | Lys19-Phe328                |

**ADDITIONAL INFORMATION**

|      |                                                                                                                    |
