

**Anti-Recombinant-CD62L/SELL antibody [SAA1992] (STJA0027847)****GENERAL INFORMATION**

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | FC                 |
| Host / Source | Rabbit             |
| Reactivity    | Human              |

**PRODUCT PROPERTIES**

|                     |                                                                                                     |
|---------------------|-----------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                          |
| Concentration       | 1 mg/ml                                                                                             |
| Conjugation         | Unconjugated                                                                                        |
| Purification        | Protein A/G purified from cell culture supernatant.                                                 |
| Formulation         | 0.01M PBS, pH 7.4, 0.09% Sodium azide.                                                              |
| Isotype             | IgG                                                                                                 |
| Storage Instruction | Suitable for storage at +4°C between 1-2 weeks. For longer term store at -20°C for up to 12 months. |

**TARGET INFORMATION**

|             |                             |
|-------------|-----------------------------|
| Gene ID     | <a href="#">6402</a>        |
| Gene Symbol | <a href="#">SELL</a>        |
| UniProt ID  | <a href="#">LYAM1_HUMAN</a> |

**ADDITIONAL INFORMATION**

|      |                                                                                                                      |
