

## Anti-Carp IgM antibody [R4E16] (STJA0032210)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | ELISA/FCM/WB       |
| Host / Source | Mouse              |
| Reactivity    | Common carp        |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                                                                                                   |
| Conjugation         | Unconjugated                                                                                                                                                 |
| Purification        | Protein A/G purified from cell culture supernatant                                                                                                           |
| Formulation         | 0.01M PBS, pH 7.4.                                                                                                                                           |
| Isotype             | IgG1                                                                                                                                                         |
| Storage Instruction | Use a manual defrost freezer and avoid repeated freeze-thaw cycles. Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -80°C long term. |

### ADDITIONAL INFORMATION

|      |                                                                                                                      |
