

## Anti-c-Fos antibody [7D6-A9-D4] (STJA0032448)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | WB                 |
| Host / Source | Mouse              |
| Reactivity    | Human/Rat/Monkey   |

### PRODUCT PROPERTIES

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                               |
| Concentration       | 1 mg/mL                                                                                  |
| Conjugation         | Unconjugated                                                                             |
| Purification        | Affinity Purified                                                                        |
| Dilution Range      | WB 1:500-1:1000                                                                          |
| Formulation         | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide, pH 7.3.          |
| Isotype             | IgG1                                                                                     |
| Storage Instruction | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |

### TARGET INFORMATION

|             |                           |
|-------------|---------------------------|
| Gene ID     | <a href="#">2353</a>      |
| Gene Symbol | <a href="#">FOS</a>       |
| UniProt ID  | <a href="#">FOS_HUMAN</a> |

### ADDITIONAL INFORMATION

**Note** STRICTLY FOR FURTHER SCIENTIFIC RESEARCH USE ONLY (RUO). MUST NOT TO BE USED IN DIAGNOSTIC OR THERAPEUTIC APPLICATIONS.
