

## Anti-DPF2 antibody [R39-2M-4] (STJA0035571)

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | WB/IHC-P/IHC-IF/IP |
| Host / Source | Rabbit             |
| Reactivity    | Human/Mouse/Rat    |

### PRODUCT PROPERTIES

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Clonality           | Monoclonal                                                                               |
| Conjugation         | Unconjugated                                                                             |
| Purification        | Affinity Chromatography                                                                  |
| Dilution Range      | WB 1:500-1:1000<br>IHC 1:100-1:200<br>IF 1:50-1:200<br>IP 1:50                           |
| Formulation         | Liquid in PBS, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                  |
| Isotype             | IgG                                                                                      |
| Storage Instruction | Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles. |

### TARGET INFORMATION
