

**Anti-Nerve growth factor antibody (74-85 & 113-124 aa) (STJA0040692)****GENERAL INFORMATION**

|               |                    |
|---------------|--------------------|
| Product Type  | Primary antibodies |
| Applications  | ELISA/IHC-F/WB     |
| Host / Source | Chicken            |
| Reactivity    | Human/Mouse/Rat    |

**PRODUCT PROPERTIES**

|                     |                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------|
| Clonality           | Polyclonal                                                                                     |
| Conjugation         | Unconjugated                                                                                   |
| Purification        | Affinity-purified                                                                              |
| Dilution Range      | WB 1:500-1:2000<br>IHC 1:50-1:1000                                                             |
| Formulation         | PBS with 0.02% sodium azide.                                                                   |
| Isotype             | IgY                                                                                            |
| Storage Instruction | Short term storage at 2-8°C for one week. At -20°C as an undiluted liquid for up to 12 months. |

**TARGET INFORMATION**

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Gene ID            | <a href="#">4803</a>                                               |
| Gene Symbol        | <a href="#">NGF</a>                                                |
| UniProt ID         | <a href="#">NGF_HUMAN</a>                                          |
| Immunogen Region   | 74-85 & 113-124 aa                                                 |
| Immunogen Sequence | Mouse                                                              |
| Specificity        | Human beta NGF, cross reactivity to other species NGF is expected. |

**ADDITIONAL INFORMATION**

|      |                                                                                                                         |
