

## Human TREM-2 protein (Recombinant) (C-His) (STJP001170)

### GENERAL INFORMATION

|               |              |
|---------------|--------------|
| Product Type  | Proteins     |
| Host / Source | HEK293 cells |

### PRODUCT PROPERTIES

|                     |                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------|
| Formulation         | Lyophilised from a 0.22 Mu m filtered solution of PBS, pH 7.4.                                 |
| Storage Instruction | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles. |

### TARGET INFORMATION

|                    |                                                                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID            | <a href="#">54209</a>                                                                                                                                                 |
| Gene Symbol        | <a href="#">TREM2</a>                                                                                                                                                 |
| UniProt ID         | <a href="#">TREM2_HUMAN</a>                                                                                                                                           |
| Immunogen Region   | His19-Ser174                                                                                                                                                          |
