

## Mouse/Rat VEGF-C protein (Recombinant) (C-His) (STJP002434)

### GENERAL INFORMATION

|               |              |
|---------------|--------------|
| Product Type  | Proteins     |
| Host / Source | HEK293 cells |

### PRODUCT PROPERTIES

|                     |                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------|
| Formulation         | Lyophilised from a 0.22 µm filtered solution of PBS, pH 7.4.                                   |
| Storage Instruction | Store at -20°C for up to 1 year from the date of receipt, and avoid repeat freeze-thaw cycles. |

### TARGET INFORMATION

|                    |                                                                                                                            |
|--------------------|----------------------------------------------------------------------------------------------------------------------------|
| Gene ID            | <a href="#">22341</a>                                                                                                      |
| Gene Symbol        | <a href="#">Vegfc</a>                                                                                                      |
| UniProt ID         | <a href="#">VEGFC_MOUSE</a>                                                                                                |
| Immunogen Region   | Ala108-Arg223                                                                                                              |
