

## Human FZD7 protein (Recombinant) (C-hFc) (STJP012362)

### GENERAL INFORMATION

|               |                 |
|---------------|-----------------|
| Product Type  | Proteins        |
| Applications  | ELISA/WB        |
| Host / Source | Mammalian Cells |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulation         | Lyophilized from a solution in PBS pH 7.4, 1mM EDTA, 4% Trehalose, 1% Mannitol.                                                                                       |
| Molecular Weight    | 43.6 kDa                                                                                                                                                              |
| Storage Instruction | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8°C for one week. Store at -20 to -80°C for twelve months from the date of receipt. |

### TARGET INFORMATION

|                  |                            |
|------------------|----------------------------|
| Gene ID          | <a href="#">8324</a>       |
| Gene Symbol      | <a href="#">FZD7</a>       |
| UniProt ID       | <a href="#">FZD7_HUMAN</a> |
| Immunogen Region | Gln33-Leu185               |

### ADDITIONAL INFORMATION

|      |                                                                                                                      |
