

## Human IL1RN/IL-1ra/IL1F3 protein (Recombinant-Active) (Tag free) (STJP012500)

### GENERAL INFORMATION

|               |          |
|---------------|----------|
| Product Type  | Proteins |
| Applications  | ELISA/WB |
| Host / Source | E.coli   |

### PRODUCT PROPERTIES

|                     |                                                                                                                                                                       |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulation         | Lyophilized from a 0.2 µm filtered solution in 20 mM PB, 8% Trehalose, 4% Mannitol, 50 mM NaCl, 0.05% Tween 80, pH 7.5.                                               |
| Molecular Weight    | 17.26 kDa                                                                                                                                                             |
| Storage Instruction | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8°C for one week. Store at -20 to -80°C for twelve months from the date of receipt. |

### TARGET INFORMATION

|                  |                             |
|------------------|-----------------------------|
| Gene ID          | <a href="#">3557</a>        |
| Gene Symbol      | <a href="#">IL1RN</a>       |
| UniProt ID       | <a href="#">IL1RA_HUMAN</a> |
| Immunogen Region | Arg26-Glu177                |

### ADDITIONAL INFORMATION

|      |                                                                                                                      |
|------|----------------------------------------------------------------------------------------------------------------------|
| Note | STRICTLY FOR FURTHER SCIENTIFIC RESEARCH USE ONLY (RUO). MUST NOT BE USED IN DIAGNOSTIC OR THERAPEUTIC APPLICATIONS. |
